

Manufacturers of Power Transmission
and Motion Control Products

Precise. Reliable. Trusted.

"Gauge for Yourself"

See the benefits of the revolutionary patented keyless hub-to-shaft connection system called the

Concentric Maxi Torque (CMT®)

The demonstration will show a side by side demonstration of the CMT® vs. set screws.

Booth #2225
June 14 - 16, 2016
Jacob Javits Convention Center

Not attending the show but want to learn more about the Concentric Maxi Torque?

Demonstration of the Concentric Maxi Torque's keyless hub-to-shaft connection system in Booth #2225 at the ATX East Show in NY.
